22nd July 2011

Dear Anne,

I am writing on behalf of the British Dalmatian Welfare Committee to say a huge thank you to you and the members of the British Carriage Dog Society for the very generous donation of £156 that was half the amount raised at the 2011 1001 ride out. We appreciate the hard work and planning that goes into organising the event, so it is fantastic to be able to see the photos on the website that show that everyone had a great time participating. It is a brilliant way to raise funds, getting Dalmatians and their owners to do what they love – trot for miles.

The gift that you sent us will be invested in supporting the work we do. This week alone, we have met and got to know a Dalmatian who needs a new home and assessed two potential adopters to ensure that their families, homes and circumstances provide the best possible care for a Dalmatian. We have also ferried a lovely natured Dalmatian boy from his previous owners to his new family, reassuring him all the way to help him through the unavoidable turmoil of the move. So, as you can see, there is never a dull moment and our work is never done so the help and support of people such as yourself and your society's members is crucial and very gratefully received.

Many thanks again.

Yours Sincerely,

Josiane Kaal
